M. Rich & Bros. Co. 47th Anniversary Sale

THE FRUIT OF THIS TREE IS
CONFIDENCE

1867--47 Years of Integrity--1914

SOUND development has marked the growth of this store since it first struck root in Atlanta soil. The store has had no mushroom growth. Like a tree in the forest it has had to prove its fitness to survive. It had to struggle before it could raise its head above and grow beyond its neighbors.

Like a tree, too, the store has had to withstand and weather the winds of adversity. It survived the various local hard times and the national panics of 1873 and 1893 because it was firmly rooted in right principles.

These principles are symbolized in the picture. The tap root, the very heart of the tree, is founded on **SERVICE**.

Equally important to the life of the business is our **EFFICIENT ORGANIZATION** that brings together the **NEWEST GOODS** and distributes them with **COURTESY** and **FAIRNESS** to all. As a safeguard against mistakes is the principle of **"RETURN PRIVILEGES ON ALL PURCHASES."**

These roots or basic principles have nourished the business through 47 years of active growth. Now we come to their fruition, which is best expressed in the one word—**CONFIDENCE**.

CONFIDENCE, then, is back of this store's growth. To celebrate this growth we hold the 47th Anniversary Sale. This page of splendid values; the different pages in the American and The Constitution; the hundreds of values throughout the store not advertised—all are our simple **THANK YOU** for your **CONFIDENCE** which has brought us to our present unrivaled position.

Still Another Shipment of Bon Ton Corsets!

Atlanta breaks another record—this time in sales of Bon Ton Corsets.

Many Atlanta women know the Bon Ton—have known it for years. But since the Bon Ton Corsets were shown on living models, more women learned the grace and comfort-giving qualities of the Bon Ton.

They saw by actual demonstration how the Bon Ton makes for the lithe, sinuous contour, the normal waist and the straight hips—those ideal figure qualities always associated with classic Venus de Milo.

So we have sold Bon Ton Corset freely, and here is another big shipment to fill in the ranks. All styles and sizes now—the right corset for every figure. Bon Ton Corsets, \$3 to \$25.

Postscript—We clean, alter and repair corsets. The work is warranted; the charges nominal. The service is open to the public. Women wearing uncomfortable corsets can have them altered here to fit.

(Corsets, Second Floor.)

Summoned For Quick Dismissal: Every Suit That Sold Up to \$65

Their leaving prices are

\$12.50 for suits recently \$19.75 to \$25

\$24.75 for suits recently \$35 to \$45

\$39.50 for suits recently \$50 to \$65

—Every garment is delightful to the eye and touch.
—They are the fashions for summer—not past fashions.
—They appear in silk or wool, with a wide choice in each fabric, and in black, shepherd checks or colors.
—Assortments permit selection from almost 400 suits.

An Outclearing of Silk Dresses

\$14.75 is the foolish little price to which these beautiful \$25 to \$35 silk dresses have tumbled. More than one hundred in all, including:

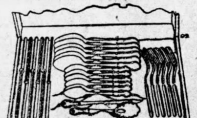

—Crepe de Chines in wonderful variety and colors
—Black, solid colors and changeable chiffon taffetas.
—Aeolian, charmeuse, silk failles and flowered silks.
—Brilliantly exclusive styles, they fairly float on the crest of fashion. (Ready-to-Wear, Second Floor.)

Community Silverware for June Brides

EVERY magazine reader, we suppose, is more or less familiar with the Oneida Community Silver advertisements.

Community Silver is generally recognized as the finest silver plated ware made; it has the heaviest plate and will wear the longest; its designs are more beautiful and artistic; it has a distinction of "Class" unapproached by any other plated ware. Practically wear-proof, Community Silver will last a lifetime; is guaranteed, in fact, for fifty years. Complete stock here in spoons, forks, knives, sets, chests, etc. All at the prices established by the COMMUNITY SILVER CO. at their factory in ONEIDA, N. Y.

Postscript—That there was a need for this new silverware section is evidenced by daily increasing sales. Complete stocks of quadruple, hollow plated and silver plated ware.

The Danbury Chair

READERS of the Ladies' Home Journal for May and June will recognize this chair as one used in Mr. Wallick's article on interior furnishing.

Attracted by the fine lines of "The Danbury" the Karpen Furniture Co.—maker of the best upholstered furniture in America—reproduced the chair. Here is what they say about it:

WHEN the "Danbury" coach made its famous trips through English lanes, the traveler was sure to find this quaint old wing chair waiting before the fire at the Posting Inn. It was a jolly chair, and so we have copied it for those who wish to enjoy its comfort and coziness. The underframing and front legs of this chair are made of solid mahogany, while the back legs are of birch stained to match. The filling is a good quality of Southern moss with white cotton for the top. Both the seat and back are filled with the finest steel tempered springs, making the chair luxurious in its comfort.

The price of the Danbury Chair is \$36.
Postscript—Scores of odd pieces and discontinued patterns in furniture have had their prices clipped for the 47th Anniversary Sale.
(Furniture, Fourth Floor.)

Mr. and Mrs. Benjamin Fritzel were the delightful host and hostess at an elegant supper, Thursday evening at their home on North Fifth street, their guests being the state officers of Griffin and the members of the Spalding Grays.

At a meeting of the company at their attorney early in the evening Mr. Fritzel presented the company with a handsome oil painting of himself, and was presented a beautiful silver loving cup by the Griffin officers of the national guard of Georgia. Major William H. Beck made the presentation speech.

Mr. and Mrs. Robert Redding had as their guests for the week end Miss Virginia Connolly, Mr. Macdonald and Mr. Charles Redding, of Waycross.

Mrs. Walter Ross, of Thomasville, is spending some time with her sister, Mrs. R. J. Redding.

A large number of Grifflines went to Atlanta last week to see the Shriners' parade and some to attend the ball Tuesday, evening at the auditorium. Among those going up were Mr. and Mrs. Fleming Bailey, Judge and Mrs. Lloyd Cleveland, Mr. and Mrs. David Haver, Jr. and Mrs. H. J. Garland, Miss Sara Frances Garland, Jr. and Mrs. C. L. Tucker, Mr. Philip Cleveland, Mr. and Mrs. Robert Strickland, Miss Hattie Head, Mrs. Benjamin Blakely, Miss Margarette Blakely, Mr. Charles Weathers, Mr. Otis Barnes, Mr. Seaton Westland, Miss Susanne Grantland and her guest, Miss Robina Henry, of San Francisco, Cal.; Mrs. Claire Deane, Miss Ruth Powell, Mrs. Benjamin Murray, Mr. and Mrs. Clay Faircloth, Miss Mari-Ann Sears, Mrs. James Stewart, Messrs. Will Lewis Flemister, Bartlett Seacey, Henry George Redding, Harry Grimes and others.

Miss Annie Jenkins will leave the last of the week for Kalamazoo, Mich., where she will be the guest of Miss Ida Montague for several weeks.

After a delightful visit to friends in Louisville, Ky., Miss Henrietta Searcy and Miss Martha Drake have gone to Dallas, Tex., where they are receiving charming attentions at the guests of friends.

Mrs. J. E. Hand, of Blakely and Mrs. Edward Halliburton and little daughter, of Unadilla, after a visit to Mrs. Lucius Goddard, left last week for their respective homes.

Royston Social News

ROYSTON.—Mr. and Mrs. James Brandon and little son, of Tallulah Falls, are spending several days with Mr. and Mrs. C. A. Wilder.

Mr. and Mrs. R. M. Turner spent Sunday in Lenoir, the guest of Mr. and Mrs. W. C. Mason.

TO REOPEN VIOLIN SCHOOL

—Photo by Stephens.

MRS. THEODORA MORGAN STEPHENS.

Mrs. Stephens who has recently returned from an extended absence in the north is receiving a cordial welcome from her many friends. Mrs. Stephens who was formerly Miss Theodora Morgan of this city will reopen the Morgan School of Violin.

Makes Home Beautiful

Home is beautiful to the man who provides, in just so far as the housewife makes it so. Many a wife of limited means has a more attractive home than many another wife with plenty. The difference is in the wife and not the income.

One who has imagination, can see how to make common-place things attractive. She is the sort who can, with little of Fixall, make the \$10 dining table look like an expensive one; or a scuffed, rickety chair a home comfort.

FIXALL

"THE FINISH THAT LASTS"

is a finish that anyone with the will can apply. It is great for floors and doors and all sorts of woodwork and furniture.

It is really wonderful how Fixall can be made to brighten a home. If you are interested in making your home cozy and comfortable, write for our little book on this subject.

Fixall is sold in cans holding one-fourth pint to one gallon at 15c to \$2.50. There is a right size can for every purpose at your dealer's.

FORSYTH

FORSYTH.—A beautiful reception was given the local alumnae with the festive tiff faculty and the senior class as honor guests by Mrs. R. H. Fletcher, at her handsome home last Thursday afternoon from 4:30 to 6 o'clock.

The colonial home, with its stately columns never appeared to better advantage than when in decoration of the college colors, the blue and gold. Numerous festive tiff pennants were gracefully arranged across the entire front. As you entered you found cool, refreshing punch being served on the porch just overlooking the rose garden which was in full bloom. Miss Sara Childs and Edith Fletcher of the class of 1911 served punch.

At the front door Miss Lulu Gibson, Mary Amos, Martha Ensign, Mary Perone, Cornelia Ensign and Annie Goolsby greeted you with walters of score cards on which were written current topics, which were to furnish conversation for the afternoon. Mrs. Jennie Amos received you at the door. In the receiving line were Mrs. R. H. Fletcher, Mrs. C. H. S. Jackson, Miss Elice Campbell, Bessie Nolen, Mary Brewster and Madeline Branch and Holmes, assisting in the entertainment were Misses Laura Bloodworth and Ella Proctor, Madeline John Banks, C. A. Oily skin and shiny nose

How to correct them

That bug-bear of so many women—an oily skin and shiny nose—has various contributory causes.

Whatever the cause in your case, proper external treatment will relieve your skin of this embarrassing condition.

Begin this treatment tonight

With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub into the pores thoroughly—always using an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for a few minutes with a piece of ice.

This treatment with Woodbury's will make your skin fresher and clearer the first time you use it. Make it a nightly habit and before long you will see a decided improvement—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.

Do this today—Now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's. Tear out the cake now. Take it to your druggist or retail counter today. Begin tonight to get the benefit of this facial soap. For sale by dealers everywhere.

Souvenirs for the Ladies

"Who Is Back of the New Store?"
"What Kind of Store Will It Be?"

The men back of this store have been prominent in furniture store life for approximately ten years. All that they learned in these years of experience now finds an outlet in a service far superior to any the city has ever known, being combined in a store which will be--

1st--A Reliable Store in every sense of the word; in principles, in merchandise, in service and in promises made by those who serve you.

2nd--A Store of Maximum Value Broad in all of its assortments, with prices as low as is consistent with good merchandising; lower, we believe, than you will find elsewhere, quality for quality.

3rd--A Store of Courtesy where the pleasant smile and the hearty welcome will be spontaneous; where the casual visitor will feel as much at home as the frequent patron.

4th--A Store for All the People from every angle--where all will be made to feel that it is primarily their store and that it was designed to meet their own personal needs--A Store for ALL the People and ALL for the People.

SULPHUR FOR ECZEMA

APPLIED LIKE COLD CREAM IT STOPS ITCHING AND LIES SKIN ERUPTIONS RIGHT UP

With the first application of bold sulphur cream the angry itching at the latest, inflamed skin, the same as you would any cold cream.

For many years this soothing, healing sulphur has occupied a secure position in the treatment of cutaneous affections by reason of its parasite-destriving property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always establishing a permanent cure it never fails to instantly subside the irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.

Beautiful Women

Use and Recommend Newbro's Herpicide

A woman to be pretty must have pretty hair. There is a subtle charm about beautiful hair that lends more to personal adornment than all of the skill of all of the "beauty doctors" combined. The hair need not be of extraordinary or abnormal length, but it must have that distinctiveness of appearance that comes from intelligent care, and is the result of perfect hair health.

The most cultured ladies in every community use Newbro's Herpicide; and when you see a head of hair that glisters with beauty and is radiant with life, it is a fairly good indication that Newbro's Herpicide has been used.

Newbro's Herpicide is the Original Germ-Remedy for dandruff. It eradicates this trouble and stops falling hair. It is the first real scalp prophylactic. A delightful and refreshing hair dressing. Stops itching of the scalp almost instantly.

Send 10 cents in stamps to THE HERPICIDE COMPANY, Dept. 1118, Detroit, Michigan, for sample. Two sizes—50c and \$1.00. At all Toilet Goods Counters. When you call for HERPICIDE, do not accept a substitute. APPLICATIONS AT PROMINENT HAIRDRESSERS. Jacobs' Pharmacy, Special Agents.

Report of U. D. C. Meeting

The Atlanta chapter of the United Daughters of the Confederacy held their regular meeting on Thursday in the Woman's club room on Baker street. The occasion was very pleasantly observed in the award of medals to the successful contestants from the various schools of the city and county. There were seven medals offered for the best essays on matters pertaining to "The War Between the States," especially along the lines of the famous battles.

Georgia leads in the educational work of the south and the Atlanta chapter ahead of every chapter in the state. There were nearly three thousand essays in the contest and each one was splendidly prepared showing that the young people of the south are well informed in their country's history.

A notable fact was that so many of the successful contestants were mere teens of humanity, little curly-haired girls and many-looking boys with bright, intelligent faces, showing of the grand material our future men and women of the south are made of.

The Clement A. Evans medal was won by young Henry Jackson, son of Mr. Marion Jackson.

The granddaughter of General Evans, Miss Stephens was given the honor of presenting it to the youthful contestant. It was received with all the grace and courtesies that distinguished the chivalric gentleman of the old south.

Attention was called to "Webster's International Dictionary," which is appended an encyclopedia supposed to deal with historical facts as well as with things in general. Judge Robert I. Rodgers presented the matter to the chapter and expressed the wish that they give their personal consideration as to the facts pertaining to our southern history were very misleading.

He spoke very feelingly of the injustice done to the south in that there was such a lack of matter pertaining to this section and in nearly every instance that was sadly in error.

At the daughters of the Confederacy are striving for true history the talk was very much discussed and was by the members of the chapter but by the children as well, for they have shown that they are anxious to learn southern history, and to learn it from the standpoint of a southerner.

The nominating committee announced the candidates for election for the ensuing year, and the meeting was adjourned for a social half hour over the tea cups.

Former Giant Heavy Hitter of Federal League

Arthur Wilson, Catching for Tinker's Chifeds, Made Thirteen Hits for Thirty-Three Bases—Only One Single in the Collection

CHICAGO, May 16.—A few days since, a fan who had been discussing the fortunes of the new Federal League uttered a remark that Arthur Wilson, former Giant, who is catching for Joe Tinker's team, had made only one single up to that time since the season began. He was promptly challenged by several bystanders many of whom have the better average of their favorites at their command at all times. It developed, however, that this fan was correct. An investigation showed that in games played until that time Art had slammed out eleven hits, of which eight were doubles, four home runs, and one a single.

Thirteen hits for a total of thirty-three bases is an enviable record and few players have ever equaled this mark, and, in fact, there are none in mind right now. The records would have to be scanned closely to find a player in league who has equaled the former New York Giant who is now considered to be the star backstop in the Federal League.

Makes Two Home Runs at Opening. Wilson has not made a home run since the days of Cap Anson who has responded to the pleadings of the fans for a long hit as has this light haired brawler. Nothing more has been said or imagined than his performance on April 21. The Kansas City team opened its season on April 22, and Wilson, who had a large collection of homers, threw away a double in Kansas City, and a few days later, at the north side park, the great opening followed. Wilson was at bat at the opening on Saturday. On his first trip to the plate the fans gave him a wonderful ovation and forced Art to raise his cap. Then he stepped to the plate and on the first ball pitched he slammed it over the fence for a round trip.

Gets Another Four-Bagger. The crowd nearly went wild and every time he came to bat it yelled for another homer. Art failed to deliver any more that day. On Sunday there was another immense attendance, nearly equal to that of the opening day. Baseball fans read the dope and when Wilson came to bat for the first time in the second inning the fans paid him a rousing compliment. Arthur doctored his cap as usual, then he sat on his trusty stool, and when Mr. Henning wound up and cut loose a fast one Wilson met it squarely. It dropped into the center field bleachers for a home run. The fans went mad and Wilson jogged around the paths as if nothing out of the ordinary had happened.

On May 5 against Pittsburgh Wilson pitched out two doubles and helped materially in the victory over the Terriers. The next day with Buffalo he threw two more two base aways, and helped largely in the defeat of the Bisons by the score of 4 to 3.

Score Two with Double. Last Sunday, when Mordcau Brown was pitching for St. Louis, Fed Wilson was at bat with two men on and the score 2 to 0 against Chicago. The fans implored him to drive the ball out of the lot. He didn't quite do it, but he got another double, scoring two and enabled Chicago to get four runs in that inning. His timely swinging has been the sensation of the great players at the north side park, and Mordcau Brown holds the honor of being the only pitcher who has caused Wilson to fan on his own grounds. He struck out the slugger in a pinch on Sunday.

Mr. Wilson's home is in Decatur, Ill. He began playing baseball at Flint, Mich., and has been playing the game for nine years, although he is only 22 years of age. He weighs 180 pounds and stands 5 feet 10 inches in his stocking feet. He is one of the most gentlemanly players the game knows, although he is a bull dog on the field and is constantly after his teammates, especially when the game is close.

Overlooked by McGraw. Manager Tinker says it will always be one of the regrets of the sport who Wilson McGraw, of the New York Giants, never gave Wilson a chance. He was an understudy to Chief Meyers and when Mr. McGraw took up the second string when he joined the New York club, Wilson realized he would not have a chance to play regularly and he was induced by Manager Tinker to sign a Fed contract. He will continue to be the Chi-Ped's first catcher as long as he keeps his health.

A HUSTLING PREP SCHOOL TEAM

These are the boys who represent Gordon Institute on the diamond this season. They have made a very creditable record. Reading from left to right (top row) they are, Prof. Paul Bessner, faculty manager; Grove, shortstop; Mize, third base; Dumas, center field; Gilligan, left field; Middle, right field; Coach Van Tassel, Wilson, pitcher; Ringway, second base; Monahan, catcher.

Ford Co. to Use A Million Tires

DETROIT, Mich., May 16.—One million two hundred and forty thousand tires for this year's production of Ford cars in the estimate made by officials at the Ford factory in Highland Park, Mich.

This immense quantity will be supplied by four leading American tire companies. The tires arrive in daily shipments of sufficient quantities to keep pace with the production of Ford factory. Each carload contains about 400 sets of tires so that during the month of January, February, March and April, when the factory production was around eleven hundred cars daily, approximately three carloads of tires were required for each day's production.

With 400 sets of tires to a freight car it will require approximately 781 cars, or a train approximately five and one-half miles long to bring the year's tire supply to the Ford factory.

The tires are made by the valve caps and fittings, the inner tubes being in the casings. Upon their arrival at the factory, the tires are assembled on wheels, inflated, the fittings attached and sent down to the car assembly, from where they leave as parts of completed cars.

The department where tires are assembled on wheels is an interesting one from a spectator's point of view. Here the big men of the factory, like Zahra and the Hackenschmidt, keep their muscles in shape. The record for assembling tires on wheels was made by a Pole who weighed something near 350 pounds. He assembled 300 tires on wheels in a day and kept up the pace for days at a time. That is, he completely tired seventy-five cars every eight hours.

One of the visitors at the factory recently figured out that if every tire received at the Ford factory this year travels in the course of its lifetime 5,000 miles, and this is a conservative estimate of the life of a tire on a Ford, the year's supply of tires will have travelled a total distance of 6,250,000 miles, or 250,000 times around the world before the last one is scrapped.

Breeze Causes Motor Runaway

Driver Failed to Put Emergency Brakes On, and Wind Started Car on Independent Trip

With a day's touring in front of him, J. L. Koerber drove his Studebaker "six" on a Beaumont, Tex., garage, stopped the motor, placed the nozzle of the garage gasoline system in the tank of his car and went inside the building for the key to the pump.

While engaged in a chat with the garage man, Koerber heard loud shouts from outside. He glanced through the window and saw his car rambling away alone, down the street at a dignified but increasing rate of speed.

He dashed to the door and started in pursuit, arriving just in time to prevent it from disregarding all traffic rules at a crowded crossing.

Mr. Koerber applied the brake and investigated.

The motor was not running and the switch remained at "off." Nor had the motive power come from the electric starting system. Inquiry among started bystanders who had seen the car in the gasoline tank. As he did so, he noticed a film of dust approaching, waited on the wings of the trade wind from the gulf of Mexico. As the dust grew nearer, the car began to move. It was plainly bent on another little tour of its own.

Mr. Koerber stopped the car just in time to prevent a stream of gasoline from contact with its glossy finish. Then he locked his emergency brake, effectively curbing the roving disposition of his car.

"I've learned my lesson," he remarked. "Hereafter I'll never leave this car without an anchor."

Carrigan May Lose Shortstop

Hiene Wagner As Pitcher Wood Rounds Into Shape Wagner Contracts Rheumatic Ailment in Throwing Arm and May Never Play Again

BOSTON, May 16.—Manager Carrigan, of the Red Sox, says he will soon be able to call upon Smokey Joe Wood, his star pitcher. Wood has been slowly recovering from an operation for appendicitis and is nearly well. As soon as he is in shape to pitch in old-time form Carrigan declares that the Beaneater will make a determined fight for the American league pennant.

One of the greatest shortstops in the profession—Hiene Wagner, of the Red Sox—will never play ball again. At least that is the inside information. Wagner is said to be permanently crippled, either by chronic rheumatism or some other ailment which has bent the right forearm so that he can neither grasp nor throw a ball.

Wagner's superb defensive work aided the Red Sox to win the 1912 world's series with the Giants. Wagner gained his first experience as a semipro in the Bronx, and also was a member of the Giants before John McGraw took hold of them. When the Giants turned him loose, Wagner drifted to the Newark club. He made rapid progress there and it was not long before the Red Sox purchased his services as a semipro. Wagner quickly won his spurs in Boston, where he became one of the greatest favorites that ever wore a Red Sox uniform.

Wagner's arm began to bother him last season, yet he took part in 10 games. When he arrived at Hot Springs, Ark., he found the big arm in a plaster cast. The baths did not help him and several specialists could do nothing. The arm was placed in a plaster cast, which was recently removed, with the result that Wagner discovered that his case was hopeless. He will draw his salary in full, however, as President Lannin believes in rewarding him for past services.

Bobby Byrne Is Leading Hitter In Nat'l League

Former Southern League Star Swatting for an Average of .423-Jake Daubert, Another Star From Dixie, in Second Place

Bobby Byrne, one time Southern leaguer, and present member of Double Duiton, is leading the National league in batting for the week ending Wednesday. In climbing to the top of the heap, Mr. Byrne has amassed an average of .423. Jake Daubert, another former Southern leaguer, is runner-up with a mark of .407. Cather, of the Cardinals, is the only other man in the .400 class. The following are the batting averages of the top stars of Dixie who are in the top 300 marks:

Honus Wagner is over the mark by only a few points, but the flying Dutchman is tied for second place with a mark of .395. He has grabbed over 400 runs, and is leading the league in that department. Max Carey, leads him and that by a margin of only 100 points.

Here's how they stand:

Player	Team	AB	R	H	Per
Bobby Byrne	St. Louis	100	25	42	.420
Jake Daubert	St. Louis	100	24	40	.400

Crimson Crews Harvard Lost to Prove Winners Yale on Track

CAMBRIDGE, Mass., May 16.—Yale was twice as strong as Harvard in their twenty-third dual track and field meet today. Blue team scored 66 1-2 points to 37 1-2 for the crimson. Three meet records established last year in the half-mile, mile and two-mile runs, were broken, while the high hurdle tied of 45- 4-5 seconds in 1939, was equalled for the eight year.

Potter, of Yale, in the mile run, was the first to make new figures. He ran the mile in four minutes and twenty-three seconds. Then Captain Clark, of the Yale team ran 856 yards in 11 minutes and 15 seconds, or a second faster than this time last year. A few minutes later R. St. John, of Yale, ran the mile in 12 minutes and 45 seconds. In the two mile event Potter, of Yale, who ran both the hurdles equalled the old time in 12 minutes and 45 seconds. Then Captain Farris, of Harvard, captured the mile in 11 minutes and 45 seconds, both the sprints in fine style. Wilkes, of Yale, won the 400 yard race by winning Bingham off his feet in the 440. In the 800 yard race, Wilkes was again winning by nearly four yards. In the 1,600 yard race, Wilkes again made the running until the last quarter. When Bryan of Harvard sprinted into the lead, he won the race.

A NEW EDUCATIONAL IDEAL

George Peabody College for Teachers, the new institution about opening its doors at Nashville, is in some particular unique in the educational field. It is the first to train teachers who in turn will train the children of the people in practical things. The institution is to be adapted to education to environment, to turn boys and girls into the moment of leaving school to be able to do the work of the world. Their lives are cast. The institution is to be the "first teachers" of the people for the entire world, and expects to reach all classes of pupils in the country and the world.

The daily unique feature of the institution is its method for the instruction of the equipment. In this department, the best illustration. In this department, young women teachers will be taught such subjects as cooking and sewing, home management, home sanitation, and home economics. There will be no general laboring. Instead, there are a large number of individual kind of the things. Two girls will be placed in each kitchen. They will be responsible for the instruction of the other girls. They will purchase their own supplies and keep a strict account of their own money. In this way, the girls will be able to do the work of the world. They will be able to do the work of the world. They will be able to do the work of the world.

COMMITTEE ON PUBLIC SAFETY IS COMMENDED

Efforts to Protect Public From Injury and Death Are Most Successful

The public safety committee of the Atlanta chamber of commerce is receiving much praise for its successful efforts to protect the public, particularly children, from injury and death. The committee, of which W. J. Lowenstein is chairman, has done excellent work along the line of urging children to be careful in the streets so as to avoid danger from cars, electric wires and vehicles of all kinds. Mr. Lowenstein also took part with T. K. Glenn, of the Georgia Railway and Power company, the question of equipping street cars with life guards, and enlisted the teachers in an educational campaign by which children are taught a series of important "don'ts."

The committee, which is made up of Mr. Lowenstein, J. M. Van Halbeur, Porter Langston, Edwin H. Haas and Ben Lee Crew, is formulating plans for an educational campaign whereby it hopes to prevent trespassing on railroad tracks and the deaths and injuries due to such trespassing.

A. C. NEWELL TO CONDUCT SLATON'S SENATE RACE

Well-Known Newspaper Man Appointed Chairman of Campaign Committee

Alfred C. Newell, of Atlanta, has been appointed chairman of the state campaign committee which will conduct Governor John M. Slaton's candidacy for the United States senate, and J. A. Morrow, of Griffin, will be secretary. Mr. Newell announces the first work of the organization will be to increase the membership in the state to 10,000.

Mr. Newell was for a number of years an active newspaper man, working with an Atlanta paper for several years and afterward with the Brooklyn Eagle and the New York World, where he covered municipal politics. Some years ago he returned to Georgia as general agent of an eastern life insurance company, and has been more than ordinarily successful.

Rouse the Liver

Jacobs' Liver Salt Brings the Bile

Take Jacobs' Liver Salt for Constipation, Indigestion, Headache and Biliousness.

Health is almost wholly a matter of regular bowels and active liver and kidneys. Let the liver run down, then constipation, biliousness, indigestion, headache, dizziness, rheumatism, simply because the system is being poisoned by gases generated from fermented food waste which has not been properly eliminated and forms toxic acid. All food leaves waste in the alimentary tract, the richer the diet the more waste; and the liver should clean it out and give the bowels regular elimination. Health is a Habit—

Watching your liver. Jacobs' Liver Salt never forces; it just flushes the alimentary tract, loosens the waste deposit and gives the natural and cleansing elimination. It will regulate your liver and bowels and end those periodic bilious breakdowns and the dosing of calomel or blue mass with its nauseous and awful after-effects. Jacobs' Liver Salt is agreeable and never grips. It acts gently, naturally and promptly, the best liver regulator for everybody, and if you are not satisfied after taking it your druggist will return your money. Jacobs' Liver Salt before breakfast means a clear head and a splendid day for you. Try it. All druggists, S. C. Made and guaranteed by Jacobs' Pharmacy, Atlanta.—(Adv.)

Wall Street Weeps for Country's Heroes—Stock Market Not Exactly Booming—Gold Export Begins in New Movement—New York Has Unusually Large Cash Surplus—General Survey Not Altogether Inspiring, Missouri-Pacific in Difficulty

NEW YORK, May 16.—Wall Street is not so busily engrossed in the art of money making that it cannot pause to bow its head in reverence to the nation's heroes. A financial district on Monday morning received an emphatic reminder of the real significance of the troubles in Mexico in the hands of the men who have been fighting for the United States and in the impressive ceremony which indicated the respect of the nation for those who gave their lives in the performance of an unselfish duty.

The stock exchange suspended business for one hour while those who habitually gather at the trading post bowed their heads in a reverent funeral procession passed by. Flags fluttered at halfmast from the windows of hundreds of banks and brokerage offices. Many of the Wall Street men were thus given an opportunity to consider the fact that the heroes of the Mexican revolution, New York, and, as such, are liable to be called to Mexico should it not be possible to arrange for an amicable adjustment of the difficulties confronting that country.

As far as the stock market is concerned, it is very evident that there is little hope of a boom in that quarter until some of the great fundamental questions of the position of the United States in the world are settled. The market is sold out so thoroughly. Actual refusal to take the market is the only way in which the market is being kept from a sharp drop and would prolong the dullness. Some confidence to the roads is expected, and we have a fair measure of market improvement. Yet the crop reports show better, railroad earnings show signs of a turn in the tide and bank clearings show some business. The gold export movement has been a great help to the market, would seem as if prices should be more responsive to good news than to bad news. There is a fair demand for bonds which proves that capital is awaiting investment when terms are satisfactory. A heavy and the market is not so depressed as it was a few months ago. The gold export movement has been a great help to the market, would seem as if prices should be more responsive to good news than to bad news.

GOLD FOR EUROPE.
The gold export movement, predicted for some time, has been going on in earnest, for during the first part of the present week \$2,000,000 in gold for Europe was shipped. It is believed that the gold export movement will continue for some time, and that the market will be helped by the gold export movement. The gold export movement has been a great help to the market, would seem as if prices should be more responsive to good news than to bad news.

MONEY, BANK CLEARINGS AND BUSINESS.
The report of the New York clearing house for Saturday last shows that the associated banks of New York had on that day \$1,683,650 in actual cash, over and above the legal reserve. This means that the banks have a cash surplus of \$1,683,650. The cash surplus of the banks is a very large one, and it is believed that the market will be helped by the cash surplus of the banks. MEET IN HOUSTON.

Before entering into consideration of the efficiency commission's report today the convention formally was presented with the new building of the public school board, here decided upon Houston, Tex., as the next meeting place in May 1915. The presentation exercises were featured by President Lansing Burrows' address in which

of repeated deliberations of the 50-Committee on the subject of the "Commission."
"VERGE OF UPHEAVAL." F. C. McConnell, of Waco, Tex., author of the motion to refer the matter for reconsideration was the next speaker.
"We do not want to be revolutionary," Mr. McConnell stated, "but we believe we should be revolutionary. We are at hand when there will be only three great christian bodies, the Baptists, the Catholics and the Feder-

Mayo to be resuming its normal condition, with foreign properties protected and the constitutionalist command reinforced by the latest information received from the American and British admirals.

Puerto Mexico now had the only one of interest with the arms and munitions Mexican gunboats and the possibility of some move they may make. Three American ships are watching them. The other American ships retained the other American ships today.

appear satisfied with the report it is because of the great swell of our hearts for something more—something better." The general assembly of opinion was offered at this point but the speeches were terminated by a motion to consider the remainder of the report and take up the disputed clause. After the adoption of the resolution, the report which, with a few amendments, was adopted.

After the adoption of the bulk of the report, the assembly adjourned. Puerto Mexico now is about the only important eastern port controlled by Huerta.

At 3:30 p. m. the three Mexican delegates, under the auspices of Ambassador Riano, made an official call on the ministers assembled to meet them at the American Legation.

It is understood the delegates will spend only a day in Washington, leaving Sunday afternoon for New York to attend the proceedings from New York direct to Niagara Falls.

Claim Confirmation of Parks' Execution

(By Associated Press.)

YEREA GRUZ, May 16.—A confirmation of the execution of Samuel Parks, of the Twenty-eighth Infantry, was today obtained from the War Department. One of Huerta's conscripts was brought into the American lines, and he was found to be the man of Parks and agreed to relate the facts so far as he knew them, to the American authorities. The execution would be given work here or other-

JOURNAL OF MERGE.

This organization is to receive suggestions from the denomination at large and to coordinate the work of the various agencies.

It is empowered to investigate the centralization plan, the consolidation of the various agencies, the publication of a periodical and any other matters of importance that may be deemed necessary by the committee.

In accordance with the recommendation of the committee all the presidents of the present convention boards of the denomination are to be retained in the personnel of the vice presidents of the foreign mission board at Atlanta. The Sunday school board here

With a total of \$2,146.49, including a number of subscriptions received through the mail late Saturday afternoon, the conference Atlanta's first day was a success. The heavy precipitation in substantial quantities at the rest Adair, first Shriners of Atlanta, goes forward to Monday morning at its close.

Indications now are that when afternoon closes at 1 o'clock Monday afternoon it will have reached \$2,500 at least, and a conservative estimate is \$2,700.

Nothing ill has happened in the hour. All who wish to subscribe will come through The Journal Saturday afternoon, and the crowd will be set for closing. The fund might continue growing indefinitely, but the odds are against it.

It is spontaneous to tolerate delay. With the closing of the lists the committee will be able to make a statement for every subscription. All who had not paid their subscriptions yesterday were asked then send in their checks or cash payments before

Atlanta's response to the suggestion that Atlanta honor the Shrine by honoring Forrest Adair, their leader in manhood, was a tribute to his ability inspired all the other workers who achieved the great week's success. The Shrine men were proud of the movement. On every hand had been heard praise of Mr. Adair, commending him as one of the best leaders to acknowledge Atlanta's debt to him for his part in the Shrine movement and appreciation that The Journal has accorded him.

The Shrine men were glad that once it was started.

"Atlanta was delighted by the Shrine men," said a Shrine worker, "and all in with them, their unimpeachable behavior through all the fun," said another Shrine worker.

Citizens of Atlanta are so pleased that our country be given concrete form in manhood, a tribute to Mr. Adair, crystallized in strong sentiment already shaped."

"I deem it my privilege to subscribe such a fund for such an achievement by such a man for such a town," wrote W. C. Mansfield, sending his check for \$10.

"Every Atlantian should seize the opportunity to do homage to Forrester Adair," wrote Thomas Eggleston, subscribing \$10. "His work has placed Atlanta in the million population class," wrote J. Edgar, enclosing a check for \$10. "Adair has rendered a public service which is valuable and deserving," wrote W. T. Ashford, enclosing \$10. "It affords me pleasure to contribute," wrote J. B. Smith, enclosing \$10.

"He richly deserves all the good things that have been said of him," wrote Justice Nathan Brown, enclosing his check. "All Atlanta is proud of him."

SOUTHERN MADE GREAT RECORD SHRINE WEEK

Largest Passenger Movement in Railroad's History Handled Without a Hitch

The Southern railway completed the largest passenger movement in its history and what is believed to have been the most successfully handled movement ever accomplished by any American railway with the arrival of the special trains bringing the departure of the special trains bearing the babies of Mollie, Temple, and June, Mo., at 10:15 o'clock Tuesday morning.

Fortnight special trains, or an average of one per hour for the two days, were brought into Atlanta over the Southern from 6 o'clock Tuesday morning, May 19 until 4 o'clock Tuesday morning. Thirty-five special trains were operated out of Atlanta for the two days.

While a splendid record was made during the special trains into Atlanta, out as there was absolutely no confusion or congestion and no trouble was experienced in a few minutes the babies and all of them reached their destinations on time.

RE-COUNT TO BE HELD IN CITY HALL TUESDAY

Chairman Thomson, of Sub-Committee, Issues Statement Announcing Rules

A. D. Thomson, chairman of the sub-committee of the Fulton County Democratic executive committee, yesterday issued a statement setting forth the manner in which the sub-committee will conduct the recount of ballots for T. Hightower, Jr., and Charles G. Turner, candidates for county commissioner. The statement follows:

Atlanta, Ga., May 15, 1914.
A recount of the ballots cast for Hightower, Jr., and Charles G. Turner, in the race for county commissioner, in the primary of May 5, 1914, is hereby ordered to begin Tuesday morning, May 19, at 9 o'clock, in the committee room, fourth floor of the city hall.

Ballots counted will be required to be in strict conformity to the rules governing said primary.

All ballots will first be counted by the sub-committee, and then checked and verified by the representatives of the contestants. Those admitted to the committee room will include only the representatives of the contestants (three each), members of the sub-committee, the custodian of the city hall, who is also custodian of the ballot boxes, the manager from a particular precinct or ward to desire, during the recount of that precinct, and the contestants.

"Contestants will not be allowed to make any of the ballots and shall not assist in any proceedings except in writing, which objections must be filed and members given them and not at a later date."

"No one will be allowed to see the ballots except for the purpose of ascertaining the total number of votes cast in a particular precinct."
"No one shall be allowed to have pencils, pens, or erasers in the room during the recount. Pencils or pens only to be used after the recount is completed, provided to make the number of votes received by each contestant in that precinct."

SEEK RECRUITS FOR U. S. HOSPITAL CORPS HERE

Officials at Ft. McPherson Enlisting Desirable Applicants for Service in Case of War

Efforts are being made by the medical corps of the United States army to recruit the hospital corps up to its full strength authorized by congress. A view of a probable war with Mexico. As a result desirable applicants for the hospital corps are now being recruited from civil life, as well as being transferred from the army, and applicants are especially desired for the service.

Dr. John F. Denton, first lieutenant of the medical reserve corps, stationed at Fort McPherson, has received a letter recently from Colonel L. M. Mason, of the medical corps, authorizing the enlistment of men from civil life for the hospital corps. As many desirable men as possible are wanted for the hospital corps and a rush of applicants to Fort McPherson is expected.

The activity in the hospital and medical corps is similar to that in all branches of the military, which is commencing preparations for the possible invasion of the southern republics.

YOUNG WHITE MAN IS INJURED BY AN AUTO

Mr. Granger, a young white man twenty-seven years old, was hit by an automobile at the corner of Broad and Myrtle streets Saturday afternoon about 2 o'clock. He was knocked down and badly shaken up, but at Grady hospital an examination revealed no serious injuries and he was able to return to his home, 25 Duane street.

Mr. Granger did not know whose car struck him.

MACON TO HAVE BIG TIME ALL DURING NEXT WEEK

Knights of Pythias and Odd Fellows to Have Sessions in the Central City

MACON, Ga., May 15.—Macon will hardly have time to get loose on the next week, for only a few days follow the Georgia Jubilee and the Knights of Pythias big meeting here. Odd Fellows from all parts of the state will invade the Central City for a three-day session. Fifteen hundred delegates representing three different branches of the fellowship will convene here on May 24, 25 and 26.

The first day will be marked by the annual meeting of the grand encampment having a smaller membership than the grand lodge, but marking a higher step in the order. The second and third days will bring delegates of the grand lodge to the meeting here. The Rebekah branch, composing the ladies' auxiliary to the grand lodge, will meet in conjunction with the Odd Fellows. Business session of the grand encampment and grand lodge will be held in the city auditorium. The Rebekah delegates will assemble in the convention hall of the Dempsey hotel. Plans for the evening of the convention. This will be held in the Hussar's armory.

Macon to Have Half Holiday on Thursday

MACON, Ga., May 15.—Thursday today has been declared by Mayor Bridges Smith for next Thursday afternoon, although in his proclamation the mayor has decreed that as many merchants who desire may keep open their doors. Factories, however, will close and the bustle of the city will witness the replica of the bombardment of Fort Hawkins in the afternoon.

SAYS BUCHU IS BEST TO STRENGTHEN WEAK KIDNEYS

Mix Buchu With Juniper—Old Folks' Recipe—Stops Back Pains—Cures Diabetes.

A well known authority on kidney and bladder troubles says the best remedy for weak kidneys is a proper compound of buchu mixed with juniper. If you have scalding, dribbling, straining or too frequent passage of urine, forehead and back of the head aches, stitches and pains in the back; eye weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and drowsiness, Diabetes, Bright's Disease or a dull backache and rheumatic twinges, get for yourself a bottle of Stuart's Buchu and Juniper Compound. Take a tablespoonful after meals, drink plenty of fresh water and abstain from eating too much sugar, sweets or highly seasoned foods. Your kidneys and bladder will then act fine and natural. Stuart's Buchu and Juniper Compound has been used for generations to flush clogged kidneys, also to neutralize the acids in urine, so it no longer hurts you to pass water. Stuart's Buchu and Juniper Compound is an old folk's recipe for kidney and bladder troubles because it strengthens these organs at once. Because it has made some remarkable cures of Diabetes. Be sure you get Stuart's Buchu and Juniper as it is properly compounded for kidney trouble.

PYTHIANS OF ATLANTA INVITE GRAND LODGE

Large Delegation Will Go to Macon Next Week to Bring 1916 Meeting Here

Atlanta Knights of Pythias, at a meeting of the grand lodge of Georgia in Macon this week, will invite the 1916 meeting of the grand lodge to Atlanta and they expect their invitation to be accepted.

The grand lodge will convene in Macon on Wednesday, May 20, while on Tuesday night the grand lodge degrees will be conferred.

There are seven Knights of Pythias lodges in Atlanta, and the delegates who will officially represent these lodges at the grand lodge are as follows:

James W. Austin, Hamilton Douglas, Frank A. Hopper, Jesse M. Wood, James E. Warren, George R. Bush, Frank G. Webb, Russell K. Smith, W. M. Harrison, W. P. Bloodworth, W. P. Griffin, John B. Bradford, H. D. Waugh, J. T. Buebe, V. B. Smith, W. G. Moore, Herman Lasser.

In addition to these, a large number of Knights will go to the grand lodge as individual members of the order, so that Atlanta will be well represented and everyone of them will urge the acceptance of this city's invitation.

CHAMBER OF COMMERCE IS ORGANIZED AT METTER

Candler County City Wants New Railroad and Big Sawmill

(Special Dispatch to The Journal.)
METTER, Ga., May 16.—On last Thursday afternoon the business men and farmers met and organized the Metter, "Candler county" chamber of commerce, and got right down to business.

A. J. Bird, president of the Citizens' bank was elected president; T. T. Trappnell, vice president of the Bank of Metter, was elected secretary; L. H. Sewell, cashier of the Bank of Metter, was elected assistant secretary, and P. L. Rountree, mayor, was elected treasurer.

The city fathers and the Metter Advertiser have been doing the real work of a chamber of commerce for several years.

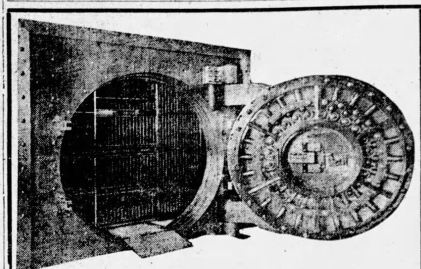

Metter now is trying to land another railroad connecting with the Seaboard Air Line and to maintain line of the Central of Georgia. Those in charge of the bank and the city are in sight. They are confident of getting the \$50,000 subvention in the near and through the traversed territory.

A strong pull is being made on a large saw mill company which will no doubt locate here and saw up several thousand acres of very fine timber in this section.

FAVORABLY REPORT WOMAN AS POSTMISTRESS

BY RALPH SMITH.

WASHINGTON, D. C., May 16.—The nomination of Mrs. Nellie Brimberry to the postmistress at Albany, has been favorably reported by the senate committee of postoffices and post roads. She probably will be confirmed Monday. The nomination has been held up for several months on objection made chiefly by the mayor and city council of Albany. Mrs. Brimberry is already postmistress.

Overland Your's To Day

LAST week we told the public that we were able to materially increase our factory production.

We told them that we would have Overlands for "immediate delivery" in practically every city and town in the country.

The effect was astonishing! Overlands moved faster and were sought and bought more rapidly than ever before!

All previous sales records were smashed into obscurity!

Now, Mr. and Mrs. Buyer—

If there is still the slightest doubt in your mind as to which is the best car to buy, the following facts alone should bring you to an immediate decision:—

The Overland is outselling every other similar car on the market—not because it is the only good car made, but because it does offer more downright value for less money than you can get in any other car manufactured.

And fu-her—

This car is as accurately and as thoroughly manufactured, both from a quality and mechanical standpoint, as any of the highest priced cars in the world!

Hesitate no longer. Time lost is money lost. The Overland sales are leaping ahead every day. We are delivering over 5000 cars a month. If you wait until they are all gone you'll be compelled to spend a great deal more than is necessary.

Order yours today and save the difference. Dealers everywhere. There is one in your town.

THE JOURNAL SAYS: State Like the Daw

In the Local Playhouses

LUCILLE LAVERNE and JAMES A. MARCUS
IN THE ESCAPE - LYRIC
FRANK KEENAN
-FORSYTH-

A bill of sterling vaudeville will be the attraction at the Forsyth. It is a remarkable bill because of its variety and because it will be headed by one of the greatest American actors, Frank Keenan.

Although Frank Keenan has never admitted it, there is no denying that he is the best character actor on the American stage. His appearance in a role not only impresses an audience, but entertains, but benefits. Every creation he has given to the theater has been the result not only of his superior dramatic ability, but of the keen intelligence and careful regard for detail. Mr. Keenan's performance of the sheriff in "The Girl of the Golden West," although before and since that event, he has been seen in many masterful creations, he still stands out like a beacon light illuminating an illustrious career with cameo-like effect.

Mr. Keenan for the past two seasons has presented a dramatic hit called "Man to Man." This year he has a new play called "Vindication," by Willard Mack. Mr. Keenan is seen as a western colonel. The play tells of a veteran of the southern battlefields who has brought up a son to believe Robert Lee the greatest man the sun ever shone upon. When a comrade defies Lee's authority, the son shoots and kills. He has been tried for the murder and is sentenced to be hung. The southerner goes to the governor of the state, and makes his appeal. He relates the circumstances, but does not beg for his son's life. He only wants him to be sentenced to be shot instead of hung. Supporting the headliner will be six acts chosen because of peculiar fitness for this special bill. Novelty will be served by George Brown, the champion belted and toe walker of the world. Brown has met all walkers and defeated them and is vaudeville he is showing some stunts that are unique and unusual. John Geiger, the famous violinist, the man who "makes his fiddle talk," Tony and Norman, in a genuine variety sketch; Leona Stephens, a clever comedienne; Lyell Rogers and Lyell, in rapid comedy, and the Bijouettes, in novelty stunts, make up the bill.

OTHER FORSYTH

LASKY'S RED HEADS, a company of sixteen clever people, said to be better than the Trained Nurses, will soon appear at the Forsyth. Within a short time the company will be seen in the play "The Girl of the Golden West," a play which has been selected for its popular title actress for her vaudeville. Other popular comic acts have been booked and the Forsyth will keep busy all summer long.

THE ESCAPE: IS

LYRIC'S NEW PLAY. For this week at the Lyric Miss Lucille Laverne has chosen for her new play "The Escape," a play which has been selected for its popular title actress for her vaudeville. Other popular comic acts have been booked and the Forsyth will keep busy all summer long.

THE ESCAPE: is a play of suspense and action, but with all that it is full of thrills as any melodrama ever told. The leading role, that of a young girl who is broken from her quietude and forced to follow out her announced plan of presenting only new and wonderful comedies. That Atlanta is appreciating the company is shown by the rapidly increasing attendance.

The Lyric is peculiarly adapted to a play of this kind, the wide, the stately temple to permit master and house of the most comfortable in every respect. The "Escape" is a play of suspense and action, but with all that it is full of thrills as any melodrama ever told. The leading role, that of a young girl who is broken from her quietude and forced to follow out her announced plan of presenting only new and wonderful comedies. That Atlanta is appreciating the company is shown by the rapidly increasing attendance.

matinees on Tuesday, Thursday and Saturday. The new dancing floor in the foyer, with the orchestra playing in the balcony, is proving extremely popular among theater-goers, who trot and tango between the acts and after the performances.

"THE CONSPIRATORS"

Despite the counter attractions of Shrine week, Atlanta theatergoers showed plainly that the new style of entertainment which is being offered now at the Bijou is just what is wanted for the warm summer days. The Olympic Opera company, headed by Leo Adda, Miss Coulter, Harry Rickford, and Charles Barney, and assisted by a very attractive chorus, made an instantaneous hit with local theatergoers, and the first week's offering, "The Conspirators," was one of the faintest performances of comic opera that has been given in Atlanta in recent years. For the coming week, beginning with the usual matinee Monday afternoon, the Olympic Opera company will present "The Conspirators," an up-to-date version of the well known comic opera success, "Olivette." This play offers exceptional opportunities for good effects, brilliant costumes, tuneful musical numbers, and the introduction of high class vaudeville. The management promises that all these features will be introduced, and that the performance will be one of the most enjoyable of the comic opera season.

Leo Adda has made many friends in Atlanta during his short week's stay, and the company as well has worked hard to make the initial play a success. "The Conspirators" should prove a most pleasing performance, as there will be fourteen musical numbers, including four interpolated songs and dance numbers for the chorus, and many changes of costume, not to mention the special scenic effects that have been painted for the production. During the week matinees will be given daily at 2:30 and night performances at 8:30. Monday night ladies will be admitted free under the usual conditions.

"SEALED ORDERS"

AT THE GRAND. "Sealed Orders," the greatest motion picture that the wonderful development of that art, or industry has yet produced, is announced for presentation at the Grand all this week, opening tomorrow afternoon. The theatrical profession, the motion picture world in general and the public have united in declaring "Sealed Orders" a revelation in moving picture possibilities. It is probably the first novel, original, original story, especially written for cinematograph production in six reels. Its literary, dramatic and spectacular values have proved such that stage and newspaper rights have been protected against the encroachment of the stage and magazine. The story deals with the machinations of a spy of rank and social distinction who betrays his country at a moment when it is about to plunge into war with a rival state. The chief characters are the spy; the lord of admiralty, whose sense of loyalty and duty overrules all else; the son, a naval lieutenant, to whom has been entrusted the first attack upon the enemy; the lieutenant's wife who is innocently enmeshed in the intricate plot of the traitor and spy; the children of the lieutenant, and numerous incidental characters. With this personnel a thrilling story of unusual heart interest is evolved—one in which the children play so conspicuous a part, that their appeal is irresistible. The care with which the picture and story were prepared, the scenic embellishments employed, including the use of a fleet of modern battleships, and the splendid acting, lift the production far from the commonplace.

Performances will be given daily from 11 to 11 and music in keeping with the picture will be furnished by the Grand's ten-piece orchestra. The same small scale of prices prevail as last week.

Another Blaze at Wellesley

(New York Times.)
Wellesley, Mass.—A threatening fire on the roof of the Zeta Alpha society building caused much excitement at Wellesley college on May 1, and for a time another disaster was feared. The blaze was extinguished with little damage.

May day festivities at Wellesley were not marred because the famous statue of "The Blackwoodman," which was always scrubbed by the seniors as a part of the ceremonies of previous years, was ruined in the fire which recently destroyed college hall. One of the seniors, dressed to represent the ancient figure, was impressed into service to stand on the pedestal in front of the library, flanked by two lamp posts. One of the posts, labelled "East," was adorned in ultra-fashionable manner, and the other, tagged "Parus," was in Mexican costume.

The customary horse rolling, lawn games and dance around the May queen occurred, and the festivities culminated in the crowning of the May queen.

LINES IN THE FACE

Make Women Look Old

and they show the effect of unnatural sufferings of headaches, back-aches, dizziness, hot flashes, pains in lower limbs, pains in groins, bearing-down sensations.

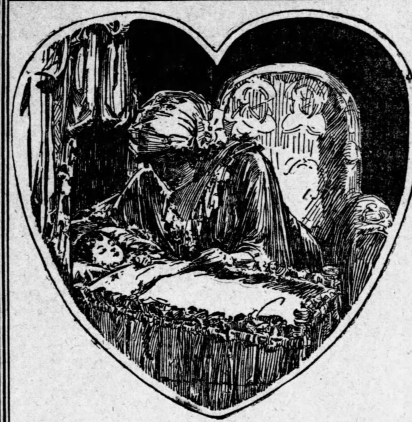

These symptoms indicate that Nature needs help. Overwork, wrong dressing, lack of exercise, and other causes have been too much for nature—and outside aid must be called upon to restore health and strength.

Dr. Pierce's Favorite Prescription

The Vegetable Remedy for Women's Ills that relieves nervous exhaustion and irritability and removes other distressing symptoms due to disordered conditions of the delicate feminine organism.

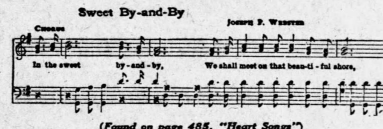

For over forty years it has been used with more than satisfaction by the young, middle-aged and the elderly—by wives, mothers and daughters. You will find it of great benefit. Sold by Medicine Dealers in liquid or tablet form, or send Dr. R. V. Pierce, Buffalo, N. Y., 50-cent stamps for trial box by mail.

DR. PIERCE'S PLEASANT PELLETS Relieve constipation, regulate the liver, and bowels. Easy to take as candy.

What words, we say, can paint your feelings, when, as the years go by, some far-off tune is whistled in the street, that your mother used to sing to you; or some hand-organ ditty, softened by distance, floats into your window with a strain that you often heard on her lips; or some piano in the neighborhood accompanies a sweet voice with the music that once charmed away all your childish cares and troubles.

What words, we say, can describe these tender memories that come floating to you on the wings of melody. Yet, what would you not give to be able to summon at will these dearest of life's recollections!

(Found on page 485, "Heart Songs")

"Heart Songs"—a piano or an organ—a woman's voice—be it that of wife—or daughter—or sister—will give you, once again, all your mother's favorites. Every evening, after your day's work, you may soothe your wearied senses with the old songs she used to sing to you. Your children will be the better for singing them and you the better for hearing them. Try it! This paper puts it into your power, almost as a gift.

News and Pictures of Real Estate in Atlanta and Its Thriving Suburbs

New Y. M. C. A. a Model Clubhouse For Boys and Young Men of the City

Luckie Street Building Will Be Completed on July 1 and Occupied on September 1—Boys Will Occupy One Wing, Men the Other—159 Rooms Will Be Rented to Members at Small Cost—Some Up-to-Date Features

The new Y. M. C. A. on Luckie street will be completed on July 1, and will be occupied by the association on September 1. In the interim it will be furnished and put in readiness for the members.

The building is one of the finest in the country, having ten stories, including the basement, and costing, exclusive of the furnishings, \$250,000.

There are two wings, one for men and the other for boys. There is a total of 159 rooms, of which eighty are for two occupants and the balance are single rooms.

Generally speaking the institution will cater to young men and boys just arrived in Atlanta and starting their careers on small wages. The rooms will be rented for sums from \$5 to \$15 a month, although the exact figure has not yet been determined.

Later on the association proposes to install a restaurant, where moderate prices also will prevail.

The wing nearest town will be for the exclusive use of boys from 12 to 15 years old. They will have their own lobby, special locker room, shower bath with entrance to the swimming pool, with educational and Bible class rooms above.

An expert secretary, experienced in this kind of work, will have special charge of the boys. Their dues will be 25 cents a month. The membership fees will be from \$5 to \$15 a year.

In this wing the association will carry on the work of the boys' club which was turned over to it when the campaign for a new building was first started.

The men will have their own lobby, their reading and writing rooms, and swimming pool. There will be two gymnasiums.

There will be a special business man's membership, and these members will have their special locker room, club room, Turkish bath with special shower baths and entrance to the swimming pool.

A feature of the building will be the lecture room, with a seating capacity of 250 and a special moving picture apparatus, which will give the members this popular form of entertainment.

The idea of the association is to have for its members a club just as complete in its appointments and attractive as any social club, with moderate prices and educational and religious features added.

The building is one of the most attractive in Atlanta. Because of its large size it shows from the center of town. It is finished in dark red brick, with attractive trimmings.

MUCH ROAD AND STREET WORK IN SUMMER
Warm Summer Weather Has a Big Effect in This Direction

A thing that most people lose sight of in the summer, but which has a big influence of land value, is the enormous amount of road and street work which is made possible during the warm season.

Fulton county is always at work on new roads or in grading and paving old ones. Fulton county and the city together are also doing the same service inside the city.

DeKalb county, including Decatur and Kennesaw and other municipalities desirous to Atlanta, have ambitious road and street improvements which will be carried out this summer.

These improvements open new territory, or lead to the development and settlement of property hitherto held back because of the lack of these improvements.

DR. DOWMAN CRITICALLY ILL AT HOME IN OXFORD

OXFORD, Ga., May 16.—Dr. C. E. Dorman, dean of theological department of Emory college and a member of the north Georgia conference for over forty years, is desperately ill with pneumonia. He has been confined to his home only during the last few days.

Much fear is entertained for his recovery.

VIEW OF NEW Y. M. C. A. BUILDING, WHICH WILL COST \$250,000 AND WILL BE ONE OF THE BEST EQUIPPED IN THE COUNTRY

The building will be completed on July 1 and the association will occupy it on September 1, furnishing it in the meanwhile. It will have 159 rooms, about half of which will be for both boys just arrived in Atlanta, who are without friends and are working on small salaries. It will have the most complete facilities for the living of its members, combining the regular Young Men's Christian association work with the boys' club features, for which special provision has been made. The building itself, as shown by the picture, is an architectural ornament to a city where there are many fine buildings. Including the basement, it

CELEBRATIONS OVER, NOW FOR STEADY WORK AHEAD

The market has gone through what is now in good shape to get busy without further interruption.

The next thing on the program is the organization of the national reserve bank and its location in Atlanta. This will have to come soon. So far as outward influences are concerned, the market has a clear field ahead of it.

SHRINE MEET BROUGHT \$3,000,000 TO ATLANTA

Very Little Will Leave Town, but Will Seek Investment Here

It is estimated that the Shrine's convention left \$3,000,000 in Atlanta, or an amount equal to the value of the Georgia peach crop, when the latter is good.

Very little of this money was taken away, but most of it will go back into local circulation and find its way into new investments, including real estate.

It will lead to expansion of business and consequently new leases and a boost for land value. The convention itself will advertise the town outside, and that will bring outside money here and more population and industries.

Real estate men should get back to active work Monday cheerfully and with even greater faith in the real estate future of Atlanta.

FOOD WORTH \$100,000 FOR AMERICAN FORCES

NEW YORK, May 16.—Food products to the value of nearly \$100,000 intended for the United States soldiers in Mexico are to be delivered at the navy yard by New York dealers before Tuesday night. The contracts made last Wednesday, call for 475,000 pounds of potatoes, 25,000 pounds of onions, 34,000 pounds of frozen poultry, 4,000 pounds of butter, 20,000 dozen eggs and 2,685,000 pounds of hay.

EIGHT AVIATORS ENTERED FOR JULY BALLOON RACE

NEW YORK, May 16.—Eight aviators have entered for the national balloon race to start from St. Louis July 11. It was announced last night with the closing of entries at the Aero Club of America. The entrants are: Roy P. Donaldson, Arthur T. Atterholt, R. E. Honeywell, R. A. D. Preston, Dr. Jerome Kingsbury, E. S. Cole, William M. Aronson and Paul J. McCullough, St. Louis.

COMMISSION CAN PROBE R. R. STEAMSHIP LINES

WASHINGTON, May 16.—The senate today passed a resolution empowering the interstate commerce commission to call upon the railway lines for data regarding their interests, direct or indirect, in steamship lines. The resolution was proposed by Senator Sheppard.

REALTY MEN PROUD OF FORREST ADAIR'S WORK

Glad That Real Estate Man Did Such Brilliant Work for Shriners

Real estate men of Atlanta are proud of Forrest Adair for the conspicuous part he took not only in bringing the great Shrine's convention to Atlanta, but in directing the local entertainment of the convention after it opened.

They take particular pride in the fact that when Mr. Adair is not active in Shrine work he is in the real estate business. A fact that a real estate man accomplished so much for the Shrine meeting is a compliment to the whole real estate fraternity here.

In fact, Mr. Adair had worked on the convention details a year before it opened. At the last he dropped his other business entirely. Even his advertising space, during Shrine's week, was devoted to Shrine announcements.

Harrie G. White, president of the Atlanta Real Estate Board, got his forces together and did fine work in the campaign to raise a fund for a suitable remembrance for Mr. Adair for the splendid work he did during Shrine week.

Atlanta real estate will get a big benefit from the convention. Visiting Shriners were carried away with the hospitality they received here, and they will take home and spread glowing accounts of Atlanta.

One Shiner from Newark, N. J., gathered a lot of literature on Atlanta, which he took back home for distribution among his friends. The town was a revelation to him.

COTTON OUTLOOK GOOD HERE, BUT BAD IN TEXAS

Georgia Crop Early, While Southwest Is Late From Excessive Rainfall

Crops have their effect on real estate just as on any other business, and in this connection it is interesting to note the present outlook for a cotton crop this year.

The Georgia crop is early this year. This means that it will mature before frost can reduce the yield.

Snow and ice late in the winter put the ground in fine shape for cultivation. With the exception that rain is beginning to be needed in north Georgia, the crop throughout the state is in fine shape.

In Texas and the southwest, which really make or unmake the size of the cotton crop, conditions have been decidedly unfavorable. There the plant is from two weeks to twenty days late on account of excessive rains, and much replanting will be necessary. The crop is also badly in the grass, and it will be several days before the ground is dry enough to allow cultivation to proceed.

BUILDING DEFICIT STILL SHOWING REDUCTION

The building deficit for the period to date in 1914 and for May, 1914, is still being reduced, and this without the granting of the Ford permit for \$750,000.

The granting of this permit, which will be some time this week, will give the year a substantial loss, and will put May, 1914, about even with May, 1913, a formidable competitor.

POPULAR DRIVEWAYS

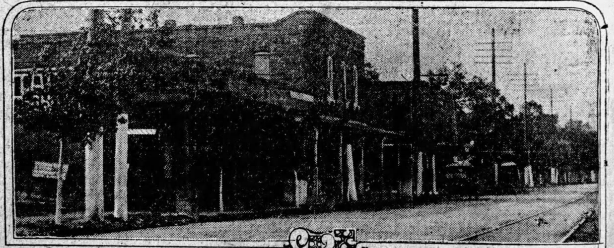

Morgan street at East Lake, which the club grounds face, and which connects East Lake drive with Mc Donough road and Deane.

FIRST BUSINESS BUILDING ON NASSAU STREET

J. J. Bruce erected the first business building on Nassau street, the newest close-in street in Atlanta. This building in three stories, containing stores on the ground floor and apartments above. The opening of Nassau street was one of the startling developments in the postoffice section.

BUSINESS DEVELOPMENT IN THE SUBURBS

Group of business buildings on West Boulevard, College Park.
